### **Letter of Recommendation for Jeff Klein**

I have the highest praise for Jeff Klein. He did a superb job on the testing and troubleshooting maintenance manuals for our engine testing equipment.

My Team was impressed by his diligence, attention to detail and willingness to take initiative when necessary. His communication with the team was at perfect pitch, yet he also managed to streamline that communication to be minimally invasive and he was respectful of everyone's time.

To be fair, he was thrown into a confusing situation with difficult deadlines. He kept the project in a constant state of progress. In fact, he usually finished his work ahead of schedule, which was a huge plus in light of our critical timetables.

I deeply appreciate the job he did for us, and recommend him highly. Feel free to call me for a personal recommendation at 949.460.6718.

Sincerely,

A handwritten signature in blue ink that reads "John Rosenwald Jr." The signature is fluid and cursive, with a prominent "J" and "R".

John Rosenwald Jr.  
Program Manager, Propulsion Test Systems
